

# Communication Home Activities Elementary Age

Dear Families- The Speech Language Pathologists (SLP) from the Renton School District are offering these activities that you may participate in while home during this COVID-19 break. Our intention is that you have fun working with your child and do not feel pressured to “do it right.” Each week, on Thursday, we will add at least three more activities to help you fill your days with activities that can help your student maintain their skills. If you would like a copy of your student’s communication goals, please send their SLP an email and we will be happy to send them to you. If you do not know your student’s SLP’s name, email Sara Jerger at [sara.jerger@rentonschools.us](mailto:sara.jerger@rentonschools.us).

Above all, take care and stay healthy. We can’t wait to see your family again.
